

English for Professional Food and Beverage Services is highly recommended for hotel workers and/or hospitality training school students majoring in food and beverages services. This book is also useful for waiter and waitresses who work in international restaurants. This book provides material for improving the four language skills and developing knowledge as well as understanding required to become professional waiter and waitresses.

In this book you can find 25 topics, starting from Introduction, restaurant service information, handling reservations and special reservation cases, setting the table, explaining foods on the menu, handling complaints and payments, giving directions, and how to handle a job interview.
